Welcome Message

Amol Bapaye
Course Director

Dear Colleague,

Greetings from Pune! The Covid-19 situation has been dynamically changing during the last few months and the Indian numbers have reached overwhelming proportions. We trust that you are safe and healthy in the midst of this pandemic and wish you continued safety against this continued omnipresent threat.

Although the Indian numbers are gradually coming under control and the 2nd wave seems to be somewhat abating, we understand that it is still a long time until normalcy returns. Given the current sentiment and the feedback from most of our followers, we have taken a decision to postpone our upcoming **7th International Conference and Workshop on NBI / Endoscopic Resections / 3rd Space Endoscopy**. The new dates are - **July 23-25th, 2021 (Friday to Sunday)**. We are hopeful that the 2nd wave would have settled by then so that our attendees are able to focus on this academic program.

The program will be strictly virtual for attendees, given the current regulatory guidelines. Very soon, we shall announce the Final Scientific Program for the course. We are proud to announce that our course has been endorsed by the **World Endoscopy Organisation (WEO)** and **American Society of Gastrointestinal Endoscopy (ASGE)**!

For those who have already registered for the course, your registration has been carried forward for the new dates, therefore you needn't do anything! For those who still haven't registered, this is your chance to see Global Experts in action from the comfort and safety of your homes!

For registration and details, please visit - <https://www.FREEndoscopy.com/3rdspace2021> or call us on **+919921533381** or write to us on freendoscopy@gmail.com. Please note that registration for the virtual course is **free but mandatory**.

Looking forward to welcoming you to this exciting event!

Amol Bapaye
